Effen - 2022 NZ Supreme Champion

Hello and welcome once again to the 23rd Brock Deer Elite Sire Stag and Yearling Hind Sale.

This year we will be running a hybrid live auction/ BIDR sale. It is always great to see everyone attend but if you can't you will be able to watch and bid via BIDR.

This year represents the birth of the next generation of Brock Deer sires. This year is the first offering of sons from super sires; Lazarus and The Emperor. These stags really are on a new level and have passed this through onto their progeny with sale stags also improving massively this year.

We are extremely happy with the quality of stags we are offering this year. As can be seen by the 2yr velvet weights, these stags were top notch last year and have really pushed on to be heavy 3yr olds. All velvet is very well cut with only clean, velvet that hasn't been over grown offered.

One very important factor that has developed here, is the hind base depth in these deer. You can purchase these stags knowing they will breed very well and true to type. There are very few flukes; pretty much all stags have proven bottom lines that is just so essential in breeding top deer.

It's also important to note that these stags are farmed in a commercial situation in amongst 2000 stags; where we strive to treat every stag on this farm equally. We do this with the aim to be able to offer stags that are a true reflection of the animal and not a false representation caused by their environment

We look forward to seeing you on the 10th of January 2024

Eddie and Elliot Brock

Conditions of Sale:

1. The sale will be conducted under the auspices of the usual conditions of sale of the Invercargill Stock and Woolbrokers Association as displayed.
2. The responsibility for the description of the deer in the sale are supplied by the vendors who alone are responsible for their accuracy.
3. Except as otherwise expressly provided in these conditions, no guarantee representation or warranty of any kind is made or given as to the soundness condition or quality of any livestock sold in this sale.
4. Intending purchases are required to register prior to the commencement of the sale to obtain a buyers number and advise appropriate Stock + Station Agent.
5. Each lot shall become the property and responsibility of the purchaser at the fall of the hammer.
6. Terms will be strictly cash before taking delivery of any animal, unless prior arrangements are made with auctioneers. Accounts not paid within 14 days of sale shall bear interest at the current rate per annum from date of purchase.
7. Transit and Livestock insurance can be arranged by the Auctioneers who recommend these insurances to all purchases.
8. 4% commission to outside stock companies or independent agents introducing buyers 24hours prior to the commencement of sale.
9. Sale will be conducted GST exclusive
10. No animals, embryos or semen sold by Brock Deer or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the stud.
11. This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.
12. It is a condition of sale of any animals, embryos, germplasm, or semen sold by Brock Deer, that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party – "the purchaser acknowledges that it will not supply any animals, embryo, semen, germplasm to any commercial semen/germplasm marketing or sales entity, and ensure that this clause is inserted as a condition of any sale or gift of any animals, embryo, semen, or germplasm".

Keystone, Lot 1 2022 purchased by Kelly and James Hudson. A picture perfect 9kg head of 3yr velvet. Perfect tyne placement, long round beam, solid trezs and into those amazing big bulby tops. Keystone has a R2 brother who had massive spikes, not yet cut. Telling me this line is going to breed very well. We are very to lucky to be able to offer a very small selection of Keystone yearling hinds.
